Marlin Weinberger, Advisor
Star 6 Foundation
1700 I Street
Sacramento, CA 95811

Dear Mr. Weinberger:

Please accept, on behalf of our entire organization, our heartfelt appreciation at your foundation's generous donation of \$1,000,000. I cannot begin to tell you how far this will go in enabling us to reach more and more law enforcement officers with our message of preventive mental care and suicide prevention.

As a highway patrol sergeant, I had the honor and privilege of working the streets with the deputies of the Sacramento County Sheriffs Department. My experience then was that your training and personnel were of the highest caliber in the nation. Since my retirement and as Director of the Badge of Life program, that belief has been grown even more as I have worked with your staff, given briefings to your deputies and been introduced to the Star 6 Foundation.

Together, you are a "forward" looking team, a high compliment when it comes to the health and wellness of our law enforcement personnel.

We are at the service of the Star 6 Foundation and the dedicated members of the sheriffs department. You need only call us when we can be of assistance.

Sincerely,

ANDREW F. O'HARA, Executive Director
